Re: IECA Trade Show

The IECA would cordially like to invite you to exhibit at their Annual Conference to be held from October 9-12, 2005 at the LaCosta Resort & Spa in Carlsbad, California. This premier event is expressly designed to bring credit professionals within the energy sector together to confront the significant new challenges facing the industry. The IECA expects well over 500 attendees at this year's conference and we hope to challenge our all time record of 600.

You will not want to miss this excellent opportunity to exhibit your company's products, services and technologies before this audience of decision makers and future decision makers from a broad spectrum of domestic and international business sectors. There are also a number of sponsorship opportunities available to give your organization even greater exposure.

Please review the attached information and we look forward to your participation.

Very truly yours,

Bob Raichle  
Executive Vice President
